SUMMARY OF CHAPTER COMMENTS
ON THE UNIVERSITY OF FLORIDA SCHOOL
OF FOREST RESOURCES AND CONSERVATION
COMPREHENSIVE RESEARCH PLAN FOR
PROGRAM MANAGEMENT AND BUDGET
ALLOCATION - JULY 1981

At the request of SFRC Director Arnett Mace, the Chapter reviewed and provided comments on the above referenced plan. Comments were generally favorable, although suggestions for more coordination between program units, a more realistic assessment of required resources, greater emphasis on publication of research findings, and better integration of future research with other agencies were provided.
