

Natural Areas  
TRAINING ACADEMY

# Conservation Site Assessment and Planning

**Date:** January 31 – February 2, 2012

**Location:** Ordway–Swisher Biological Station Melrose, Florida

**Tuition:** \$380.00 (until January 1, 2012)  
\$430.00 (January 2–20, 2012)

**Registration:** <http://natacsap2012.eventbrite.com>

This workshop will help participants build their site assessment and planning skills to effectively guide their management work over a multi-year period.

## *Participants learn:*

- ❁ Comprehensive site assessment techniques
- ❁ How to set conservation priorities and identify threats
- ❁ How to develop effective management plans
- ❁ How to deal effectively with competing management needs in the planning process
